

Instructions for Hardrock Polish Protector PP1659

HARDROCK POLISH PROTECTOR is used to maintain marble, granite, terrazzo, and limestone countertops, showers, tables, walls, glass, porcelain and metal. It also enhances the natural color of the stone.

SAMPLE TESTING: Before using, always test each surface to be treated in a small inconspicuous area to insure the desired results will be achieved. Consult supplier for further information and precautions, including Material Safety Data Sheets.

CAUTION: This product is not for use on floors. Use on upper surfaces only.

DIRECTIONS:

TO CLEAN AND PROTECT:

Spray on to surface to be cleaned and protected. Allow to stand for 15 or 20 seconds and then buff dry with a clean, soft cloth or towel. For maximum protection; repeat three (3) times.

MAINTENANCE: Reapply one coat as needed to clean and protect the stone.

DANGER: FLAMMABLE CONTENTS UNDER PRESSURE. Contains Petroleum Distillates. Do not puncture or incinerate. Do not expose to heat or temperature above 120 F. Avoid contact with skin. Use only in areas with all doors and windows open to ensure adequate ventilation. Do not use near heat, sparks or open flame.

FIRST AID

Skin: Wash with soap and water. If irritation persists, call physician.

Eyes: Flush with water for 15 minutes. Call physician.

Ingestion: Do not induce vomiting. Call a physician.

Inhalation: Get person to fresh air. If unconscious, call physician.

Keep out of reach of children.
