

Instructions for Hardrock Sealer's Liquid Gold SLG1000

HARDROCK SEALER'S LIQUID GOLD is water based penetrating sealer that will not leave a sheen or glossy film. It contains an advanced formula of fluorinated siloxane which provides protection from water and oil based stains while still allowing the stone to breath.

USES: For the protection of limestone, marble, granite, adoquin, brick, quarry tile, saltillo, terra cotta and other natural stone, tile and masonry surfaces. May also be used as a grout release prior to grouting.

PREPARATION: Surface must be clean, dry, and free of coatings or sealers. Clean/strip with the appropriate Hardrock Cleaner. Test a small area before complete application to insure the desired results will be achieved.

APPLICATION: Apply using a brush, roller, cloth, sponge, or sprayer. Buff dry any excess sealer that does not penetrate within 5 to 10 minutes with an absorbent towel or carpet bonnet. Highly porous surfaces may require a second or third application to give full protection. Wait a minimum of 30 minutes between coats.

CURE TIME: May be opened for foot traffic in 2 hours. Achieves a full cure in 24 hours.

COVERAGE: 300 to 1500 square feet (28 to 139 square meters) per gallon (3.78 L).

LIFE/WEAR: Up to 10 years depending on the type of surface, abrasion/foot traffic, weather and maintenance.

MAINTENANCE: Hardrock Neutral Marble Cleaner or Hardrock Stone & Tile Cleaner are recommended for maintenance depending on the surface finish. Before using, consult supplier for further information and precautions, including Material Safety Data Sheets.

LIMITATIONS: Surface temperature should be between 50F and 90F (10C and 32C). Will not prevent etching from acid surfaces- protect from contact. May darken some materials.

SAMPLE TESTING: Before using, always test each surface to be treated in a small inconspicuous area to insure the desired results will be achieved. Consult supplier for further information and precautions, including Material Safety Data Sheets.

FIRST AID: SKIN: Wash off with soap and water. If irritation persists, call physician. **Eyes:** Flush with water for 15 minutes. Call physician. **INGESTION:** Drink large amounts of water, call a physician. **INHALATION:** Not expected to be a problem.

Container Disposal: Rinse three times with water. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill (dump), or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay away from smoke.

Keep out of reach of children.

WARRANTY: IPT, Inc. warrants this product to be free of defects. When used as directed, if the product does not perform satisfactorily for the stated purpose IPT, Inc. will refund the purchase price with proof of purchase. IPT Inc. shall have no other liability including labor, incidental, consequential, or resultant damages.
